ST. FRANCIS DE SALES PUBLIC SCHOOL
In Pursuit of Excellence

ST FRANCIS DE SALES OUR HEAVENLY PATRON

Saint Francis de Sales (SFS) is known as the Gentleman Saint and the Doctor of Love. He is the Patron Saint of journalists, writers, the Catholic press and of adult education. He is also considered the Patron Saint of the deaf because he developed a sign language to teach a deaf man about God.

His visionary legacy is one of innovative teaching and compassionate outreach, reminding us of the vital role education plays in both faith and life.

REV. FR. PETER MERMIER OUR HEAVENLY PATRON

Rev. Fr. Peter Mermier was born on 28th August 1790, at Savoy in France. He firmly believed that “education of the heart is the heart of education” and that it is incomplete without human formation. He envisaged an educational programme marked by respect for children. He advised his teacher-confreres to love their pupils to be a mother to them by their tenderness and a father by their prudence. “True education,” according to him, “is opening the heart rather than mind”. He insisted to inculcate knowledge, wisdom and discipline in their pupils.

Right from its inception SFS Public School has shaped for itself an enviable legacy, making it truly an exciting place to be. It is a school where we subscribe to High Performance Learning, a pedagogy that requires teachers to instill in our students thinking skills and a growth mind- set in an enquiry-based learning environment. Our staff works tirelessly to create a supportive atmosphere where each student is challenged and inspired to discover their own unique potential and realize it to the full. Through our programs, we promote the exploration of scientific inquiry, physical fitness, environmental stewardship, and the importance of community and collaboration. These most essential ingredients for success in the 21st century are complemented and enhanced by a rich and diverse extra-curricular programme of sport, music, drama, educational expeditions and many other pursuits, all designed to educate the whole person.

I applaud our students for their academic excellence, their unwavering commitment to learning, and their active participation in extracurricular activities. To our teachers, thank you for your tireless efforts in shaping these young minds and eliciting in them a love for knowledge. To our staff, your support is invaluable in creating a positive and nurturing learning environment. As we move forward, let us continue to embrace our mission to cultivate well-rounded individuals, foster a sense of community, and empower each student to reach their full potential. As we

continue to adapt to the ever-changing educational landscape, we remain focused on providing an education that prepares our students for a meaningful existence in a global society. We encourage open communication and collaboration among students, parents, and teachers, as we believe that working together is key to our students' success.

Tharang 2024-25, the annual school magazine, is just a plane mirror that portrays in nutshell, yet colorfully and vividly, how original and creative the young minds can be. Heartiest congratulations are due to the contributors and editors of this wonderful creation. I am sure that the hard-work, sustained efforts and innovative ideas that have gone into the making of this magazine have ensured such a richness that would definitely stir the mind of every reader and transpose them into a world of pure joy and excitement. May this magazine serve as a reminder of what SFS Public school is capable of and at the same time a source of inspiration for our students, staff and anyone who gets to leaf through it.

Very heartening to learn that SFS Public school ICSE & ISC is all set to bring out an annual magazine this year too. My best wishes to everyone connected with this project of student growth and I appreciate it very much. In our country we have different types of Courts like the Supreme Court, High Court etc. Any of these courts shine, not in the elegance of its building but in the landmark judgements pronounced on justice. Similarly, a school does not gather a sparkling name because of its elegant building but by the progress and performance of its students.

The concept of a good school is replaced with a “great school” today. Trust me I have a special love for SFS Students, be it the past or present. Well-mannered and well behaved. And I dare to call SFS Public school ICSE & ISC a “great school”. Many congratulations to everyone connected with this Institute of such a high repute.

Down through the years of legacy, the school was blessed with great visionary leaders and very heartening to learn that together with the teaching fraternity and the admin team, sets clear goals and make data driven decisions to improve learning outcomes. Sign of a great institution indeed!

Partnership with parents & families, leading to home-school connection, at SFS is truly commendable. School is blessed with a supportive environment where students feel safe, respected and valued.

Blessed indeed are you dear students, to be part of such a premier institution as SFS. Make the best use of every opportunity that you grow as responsible citizens. Wish you all, the best of best in everything

It is a matter of pride to pen down the message for this annual school magazine.....

My heart fills with immense pleasure as I perceive the progress being made by our institution. The excellent results we secured and all other achievements. The only constant fact of life is change. Everything changes and so does the field of education. Teaching is not merely a job today. This noble profession assumes the shape of facilitation accompaniment enabling the young minds to stretch their imaginations to the skies and beyond. It becomes our responsibility to ignite these young minds to explore new avenues and tread on the paths of 3R's namely Right thinking, Right eating and Right doing.

Let all pillars of the institution parents, teachers and children unite together and work together for getting the fruitful achievement of our dreams and goals.

All the best for new academic year.

“The future belongs to those who learn more skills and combine them in creative ways.”

— Robert Greene

It is a matter of great pride and joy for me to present this year's edition of our school magazine, Tharang. This magazine is not just a publication; it is a vibrant reflection of our students' voices, dreams, and journeys—a beautiful collage of innovation, intellect, and identity.

At St. Francis de Sales Public School, we believe that learning is not static; it is dynamic and evolves with every child's unique rhythm. Our vision for the academic year 2024–25, “Turn Wish into I Will,” reflects our deep commitment to turning potential into action and dreams into achievement.

We are truly thankful for the excellent academic results our students bring home each year. These achievements are not just numbers but rather powerful evidence of our teachers' relentless dedication and our students' consistent effort and perseverance. In today's globally competitive world, we strive to integrate innovative teaching methods and offer enriching extracurricular experiences. We aim to nurture students who are not only academically capable but also compassionate, resilient, and ready to face the world with confidence. We help them grow strong in the face of adversity, with hearts full of kindness and respect.

We provide a platform where we challenge conventions, embrace change, and unlock the unique potential within every learner. We take pride in creating an environment where every culture is honoured and every voice is heard. This magazine is a celebration of our students' boundless imagination and intellectual spirit. Tharang is a living chronicle of their growth—a beautiful fusion of tradition and transformation, of wonder and wisdom. The magazine echoes the heart of our goal at St. Francis de Sales Public School:

“A place to learn, a chance to grow—
Giving the children hope, giving the future a chance..”

As you leaf through these pages, I hope you witness the light our students are spreading—each in their meaningful way. May you be inspired by the outstanding creativity, courage, and character that define the spirit of our school.

Let us continue to dream bravely, learn curiously, and grow compassionately—together.

Warm regards,

Dear students, parents, and readers,

It is a joy to extend hearty congratulations to everyone involved in bringing out this year's school magazine – Tharang. It's much more than just pages crammed with words and pictures; it mirrors the life, energy, and philosophy of life at the institution. It wonderfully captures the creativity, dedication, and progress of our students over the past year.

As educators rooted in the vision of the Missionaries of St Francis de Sales, we are constantly reminded of the importance of nurturing young minds to grow with purpose, perseverance, and commitment. St Francis de Sales believed in doing things with extraordinary love and gentleness.

Fr Peter Marie Mermier, the MSFS Founder, envisioned education as a transformative process, one that enlightens minds and transforms hearts. The need is to empower minds and enrich futures. If you don't do it, you'll never know if you like it.

As Franklin Roosevelt said, we can't always build a future for our youth, but we can always build our youth for the future. Our students are naturally ebullient, blessed with a zest for life. The need is to identify their special talents and aptitudes and direct them to attain their personal goals.

Youth have a tendency to worship emperors

and explorers who formed empires; philosophers who conjured classical cultures; prophets who created religions; law-givers and makers of constitutions; ideologues who gave birth to political movements; inventors who gave us the printing press and the internet.

Our Founder called us to “renew everything in Christ” through education and service. These charisms continue to guide our mission – to help each student grow not only in knowledge, but in wisdom, compassion, and excellence.

Our students need to set goals for their lives, and keep striving forward with courage and purpose. Let your dreams be grounded in bedrock values and guided by a sound vision of the future. True excellence lies not in comparison with others, but in becoming the best version of oneself – intellectually, morally, spiritually.

Let our students dream with clarity, strive with commitment, and never lose sight of the deeper purpose behind their learning and lives. Champions are made of intelligence, grit, passion to live out big dreams, and the ability to stand up every time you fall. Remember, education is not static, but an ever-flowing force that shapes lives and inspires futures. God bless you.

As the narrative arc unveils, we find ourselves standing at the crest of another remarkable chapter in the storied history of our school. Each year, like a radiant jewel, enhances the brilliance of our legacy, as we continue to scale new heights in academics, culture, and character. The past year has stood as a vivid reflection of ambition, unity, and resilience—a celebration of our relentless pursuit of excellence.

At the heart of our institution's triumphs are the students, our most cherished gems. Their remarkable journey of discovery, both intellectual and creative, has been nothing short of awe-inspiring. From the captivating grandeur of our cultural showcases to the pioneering strides made in the realm of scientific exploration, our students have dazzled and impressed, setting new standards of excellence with each accomplishment. The vibrancy and passion they bring to every endeavour, whether on stage or in the laboratory, have established them as true trailblazers of tomorrow.

In the realm of literature, where words are the very fabric of imagination, our students have woven masterpieces that echo the profound depth of their intellect. Literary competitions have become grand arenas where young minds engage in eloquent expressions of thought, leaving a legacy of brilliance in their wake. These literary feats have sparked a collective yearning for knowledge, inspiring their peers to dream beyond the horizon.

Equally pivotal in shaping the success of our institution is the resolute dedication of our distinguished faculty, who have been blazing examples of curiosity, rigor and intellect for our incredible student community. They continue to challenge, nurture, and empower the next generation, instilling in them not just academic knowledge, but a sense of purpose and responsibility to society. The unrelenting support of our parent fraternity has been a significant pedestal for our students to rise and poise for progress.

One of the cornerstones of our school is its commitment to multiculturalism—a core value that binds us together in our united pursuits. Students from varied backgrounds unite in a harmonious blend, creating an environment where learning transcends traditional boundaries. It is this spirit of unity and inclusiveness that strengthens our determination to prepare our students for a future that is as limitless as their potential.

Anticipating the future, we explore the glorious coronets of possibilities. The crown of indelible victory ahead is rich in intellect and virtue. As we embark on a new journey, our North Star is to harness wise scholars, sagacious individuals and citizens with a definition of change, inspiration and peace across the globe.

As the year unfolds, it magnifies the regal voyage of our academic heritage—a voyage that is forever bound by the brilliance, dedication, and ingenuity of its people.

Exuberant Escapade

The Annual School Picnic 2025 was a delightful blend of adventure, relaxation, and joyful memories. It offered students and staff a refreshing break from their academic routines and a chance to bond outside the classroom environment. Each grade embarked on a carefully planned trip, making the picnic a highlight of the academic year.

The youngest students, from Pre-KG to UKG, had a joyful experience at Fun World and Water World, where dry rides, wave pools, and a lively rain dance kept the little ones entertained throughout the day. Their bright smiles and laughter were a testament to the joy they experienced.

Students from Grades I to III visited Fun World in Bangalore over three consecutive days. The children enthusiastically explored rides such as the Mini Train, Flying Tiger, and more. After a hearty lunch, they enjoyed the water park and the much-loved rain dance, creating lasting memories with their peers and teachers.

Grades IV and V travelled to GRS Fantasy Park in Mysore, where excitement awaited in the form of thrilling rides like Aqua Tornado and Dragon's Den, as well as relaxing attractions like the lazy river. A highlight of the day was the rain dance session, where students danced with joy under artificial showers.

The students of Grades VI and VII visited Wonderla Amusement Park in Bangalore. The clean, well-maintained park offered a variety of rides and attractions that brought excitement and cheer. The roller coasters, water slides, and wave pool kept spirits high all day, and the picnic ended with a sense of satisfaction and fun.

Grade VIII students went on a three-day trip to Ooty and Black Thunder. They visited the Botanical Gardens, Doddabetta Peak, and a Tea and Chocolate Factory. Their final day at Black Thunder Water Theme Park was filled with excitement and water-based fun, offering a perfect balance to the scenic calm of Ooty.

Grade IX students enjoyed a scenic and cultural tour to Cochin and Alleppey. Their houseboat experience through the backwaters of Alleppey and visits to landmarks such as Marine Drive, Chinese Fishing Nets, and Fort Kochi were both educational and enriching, making the trip truly unforgettable.

Grade X headed to the sunny shores of Goa, where the golden beaches, sea breeze, and vibrant atmosphere created a perfect space to unwind and celebrate their final school picnic together. The experience fostered lasting friendships and gave students time to reflect before stepping into their next chapter.

Meanwhile, the school staff enjoyed a rejuvenating retreat to Jaipur and Agra. Visits to iconic sites such as the Amber Fort, Jal Mahal, Hawa Mahal, and the majestic Taj Mahal provided both relaxation and inspiration. It was a well-deserved break for the dedicated team who guided and supported the students throughout the year.

The Annual School Picnic 2025 was not just a day out; it was a celebration of friendship, exploration, and togetherness. With cherished moments and shared laughter, the event left everyone eagerly awaiting the next adventure.

Off-Campus Exploration

To enrich classroom learning and provide students with real-world exposure, St. Francis de Sales Public School organised a series of educational field trips during the academic year. These thoughtfully planned outings allowed students across different grade levels to explore nature, science, and technology in engaging and interactive ways.

In October, Grades 1, 2, and 3 students embarked on an environmental field trip to the Lal Bagh Botanical Garden, one of Bangalore's most iconic green spaces. Spread over 240 acres, the garden features beautifully maintained lawns, colourful flowerbeds, serene lotus ponds, and centuries-old trees—many of which are labelled to support learning. This immersive experience helped young learners connect with nature and understand the importance of biodiversity and conservation, all while enjoying a peaceful break from their regular classroom routine.

In January, the same group visited the Jawaharlal Nehru Planetarium, a premier science centre dedicated to astronomy and space education. The highlight of the trip was the fascinating show titled “Secrets of the Universe”, which introduced students to the mysteries of the solar system. The engaging visuals and storytelling sparked wonder and curiosity, leaving students eager to learn more about the vast universe beyond our planet.

At the same time, students of Grades 6, 7, and 8 explored the world of aviation through a visit to the HAL Aerospace Museum, India's first aerospace museum located at the Hindustan Aeronautics Limited campus. The museum showcased various aircraft and helicopter models, jet engines, flight simulators, and a mock Air Traffic Control Tower. Students were captivated by the evolution of aviation technology and gained valuable insights into India's aerospace achievements. For many, it was a profoundly inspiring experience that ignited an interest in science, engineering, and innovation.

These field trips were more than just educational outings—they were opportunities for experiential learning that encouraged observation, curiosity, and a hands-on understanding of the world around us. Whether discovering the magic of the natural world, unravelling the mysteries of space, or exploring the science of flight, each student returned with fresh knowledge and lasting memories.

At St. Francis de Sales Public School, we believe in nurturing curious minds and holistic development. These trips reflected our vision of turning learning into an adventure—and education into lifelong inspiration.

The English ... Enclave ...

Art not just smears the paper, but also embraces the soul that views it, such is a writer's royalty!

Life is the prettiest within thoughts, pen, paper and the expressive inkblots. Penning down emotions and letting our words be a mouthpiece for many, holds a deep sense of bliss. Only a writer knows the cradle and grave of thoughts.

Therefore he/she not only celebrates the origin of thought on a piece of paper but also the threshold of the reader's curiosity to meet the last word of the content.

The English Enclave, our world of literary passion, is a section of our school magazine that echoes, values and celebrates the beauty and complexity of thoughts in English.

Our literary scholars have enhanced the eloquence of our school magazine, with their articulate expressions, and it is indeed a pleasure to welcome you on board for a joyful reading session.

May the words of our young minds bring numerous epiphanic moments and be a feast for the prudent minds of the readers.

Dance around it is spring,
You will see why I like you singing.
Colours all around I see,
Flowers bloomed just for me.

Flowers here, flowers there,
In my garden, in my hair.
Pink, red, green and yellow,
But ten flies came and just stayed here.

Dancing, gliding around the ends,
These little fairies are now my friends.
What a lovely time of the year,
Flowers blooming bringing cheer.

Roses

In my little garden,
Are my cherry roses?
Under the yellow Sun,
Shine the red roses.
When the Moon shines,
Dark they appear.
Lovely are my roses,
Whenever they bloom.

Since childhood, I have spent hours captivated by the Super Striker's cartoon. Unknowingly to me, this animated series would ignite a life-long passion for football. The show's dynamic character, electrifying matches, and underdog stories deeply resonated with me. I admired the striker's teamwork, determination, and resilience, learning invaluable life lessons, perseverance, strategy, and sportsmanship.

Kevin "Kid" Stevenson, the protagonist, became my role model, inspiring me with his courage, humility, and dedication. I emulated his playing style, incorporating clever moves and thinking into my game. Each episode fueled my enthusiasm, urging me to lace up and play.

The cartoons' emphasis on teamwork helped me develop essential skills: communication, coordination, and camaraderie. As I grew older, I started to participate in local tournaments and my school's football team. Super Strikers' values remained integral: discipline, hard work, and respect for teammates and opponents.

Today, I proudly wear my football jersey, knowing a simple cartoon sparked a lifelong passion. Super Strikers taught me the beautiful game and valuable life skills. In every match, I channel the Strikers' spirit, reminding myself that victory lies in the journey, friendship, and lessons learned.

Super Strikers transformed me from a passive viewer to an active participant, shaping my dreams and aspirations. Its impact extends beyond football, influencing my character and work ethic. I am forever grateful to Super Strikers for kick-starting my football journey

How did Super striker motivate me as a football player?

A gift from Grandma Goodie

Every Sunday grandma goodie used to visit her grandchildren Chris and Jamie. Chris used to rush down the stairs in front of the door and Jamie used to open the door, and she used to give them gifts every time she used to visit them.

One day, they heard their parents talking that they are doing a dinner party on the next Sunday for Grandma Goodie's birthday, then they thought that 'do adults have birthdays?'

'And what will we gift her grandma has almost everything?' Then they thought the whole time the same thing, even in school and while eating. When the day came, they sadly opened the door, and grandma noticed this but she ignored it. At dinner time grandma said 'I cannot have my children upset on my birthday.' Then they said 'We wanted to gift you something but we could not gift you.'

Then grandma said 'Oh children don't you that you are only a gift for me.' And she hugged them.

I have a dream to go to space
Because it is an amazing place
In space, stars spin like little lights
I'd love to touch their mighty height

Ten, nine, eight, seven, six, five, four
We're going to leave this earthly floor
Three, two, one we're blasting off
We're going to space, it can be tough

Looking back, what do I see?
Mercury, Venus, and the Sun face me
Moving on to Miraculous Mars
Zoom and see heaps of stars

I see King of the Milky Way
Where Jupiter's colours sway
Saturn's beautiful rings of ice
Can freeze us all in just thrice
I think it's time to go back home
A few stars were shaped like domes
It was fun going to space
Yes! It is an amazing place.

A Journey to Space

When you look up at the night sky, what do you see? Stars, planets, galaxies, nebulae, everything. Where did it all come from, how was it all formed? Well this question still confuses the astronomers and makes them curious.

In 1920 Edward Hubble observed distant galaxies using an extremely powerful telescope and figured out that our galaxy which is the Milky Way galaxy is not the only galaxy in the universe but it was like a tiny speck of millions and billions of galaxies.

Edward noticed that the galaxies are constantly moving; in other words, the universe is still expanding. Some even say that the universe is expanding faster than the speed of light! After a few years, Belgian astronomer Georges Lemaitre used Hubble's discovery and suggested an answer for how the universe was formed. That is, if the universe is always getting bigger, then long ago it was smaller, and even long ago everything was stored into a tiny ball, but the crazy thing is that this ball exploded, which gave life to our universe. This event was later given the name Big Bang. What caused this explosion is still a mystery to this day.

Big Bang had approximately occurred 13.8 billion years ago. Since Big Bang the universe has been expanding. In the early years everything was made of gas, but gravity caused gas and dust to form that spread out from Big Bang developed everything in the universe, including us!

How the Universe began.

Galaxies swirl in cosmic grace,
 Nebulae paint a colorful face.
 Quasars blaze with radiant might,
 Echoes of creation, burning bright.

In this vast expanse, we find,
 Mysteries that boggle the mind.
 Black holes lurk, their secrets deep,
 Guardians of shadows, where light can't seep.

Through this endless, starry sea,
 Dreams of exploration roam free.
 From Earth's cradle to the stars afar,
 Our quest to know what wonders there are.

Summer sunshine warmed my vacation days,
Laughter and adventure in different ways.
The ice-cream truck's familiar tune,
A sweet treat awaited beneath the moon.

Long summer days, of freedom and play,
No worries or cares; just joys each day.
Riding cycles, exploring new grounds,
Creating memories with laughter around.

The garden tree, a climbing delight,
A heaven for dreams, in bright sunlight,
Picnics and barbecues; family fun,
A scene of belonging always won

Time may pass, but these memories always stay in my heart
Forever cherished, forever true,
A childhood wonder that forever stays
My favourite memory, forever new!

My First Day of **Cooking**

The Kitchen was a place I had never known,
A maze of tools, ingredients unknown.
I read the recipe, unsure what to do,
But excited, with a heart full of something.

Flour flew, eggs cracked with a splash,
The time ticked; I felt the pressure crash.
But with every stir, with every mix,
I found my rhythm, learned my tricks.

The sizzle of onions, the warmth of air,
The smell was magic, beyond all compare.
A little burnt, a little uneven,
But in that dish, I found a reason.

When it was done, I took that first bite,
It wasn't perfect, but it felt so right.
A movement of pride memory to keep-
My first cooking day, when I took the leap.

“A golden Phase”
The warm summer breeze,
Caressing my skin with ease,
The laughter of friends, so dear,
Echoing in the air year after year.

The picnic by the lake,
Memories we could not forsake,
Sharing stories, dreams and more,
Cherished moments to the core.
The sunset’s hue,

Painting the sky a new,
A moment of pure bliss,
A memory I’ll forever miss.

The Day When Jasmine Bloomed

In twilight’s calm, the jasmine blooms,
A gentle glow through evening’s gloom.
With petals soft as moonlight’s lace,
It fills the air with fragrant grace.
A star among the garden’s green,
It’s beauty quite serene.

Each blossom speaks in whispered tones,
Of summer nights and winds that roam.
Through small, it claims the night’s cool air,
Perfumed, delicate and rare.
A fleeting kiss, a breath of peace,
In jasmine’s scent, all worries cease.

My Favourite Memory

In the attic of my mind, where memories reside,
A treasure trove of moments, a rollercoaster ride.
From childhood mischief to teenage dreams,
Each memory a footprint in life's shifting sand.

Summer days at the beach, building castles,
The tide would always win, like time's gentle hand.
And those late-night talks under the starry sky,
Solving the world's problems, like birds learning to fly.

Remember the family road trips with Dad's questionable tunes,
The endless snacks, like a picnic under the moon.
Or that Christmas Eve, when we dressed as a crew,
You as a hat, and me as a shoe.

Through all these moments, both silly and bright,
We've shared endless laughter, from morning to night.
So here's to the past, with all its quirks and swings,
In life's grand comedy, these are our favourite things.

One of my favourite memories is the trip to Bandipur, an amazing and beautiful forest area located in the Southern part of India. This trip holds a special place in my heart because of the stunning sights, wildlife, quiet moments, nature and adventure. It is truly unforgettable.

Away from the busy city life, I saw a different world of nature. I can still remember when I first arrived in Bandipur, we were greeted by the sights of some animals such as deers, elephants and a few monkeys roaming in their natural habitat. We visited Bandipur during the winter season, the air was much fresher than the city.

We stayed in an area which is well maintained by the forest department. The highlight of the trip was the jungle safari. As we went deep inside the forest, we were lucky enough to spot a herd of deer grazing the grass, an elephant drinking water from the pond and some monkeys jumping from one tree to the other. The guide was explaining us the different behaviours, facts and the names of some creatures living in their habitat.

Suddenly, we could see a creature emerging out of the grass. Our guide was very eager to know about it. His keen eyes were looking at every corner of the area. To our amusement, we had spotted a leopard. This was the most memorable and special moment for us throughout the safari.

My Favourite Memory

In Bandipur, I not only knew more about wildlife, but a memory of life in its purest form. This experience has taught me more about nature and should be preserved for the future generations to come.

Mother Nature

Beneath the sky, so vast and wide,
The rivers flow, the forests bide.
In whispered winds and rustling leaves,
Nature speaks, and the heart believes.

Mountains rise with ancient grace,
Carved by time, a sacred place.
The sun it sets, the stars arise,
A canvas drawn, in midnight skies.

In nature's quest, we find our peace,
A quiet love that will not cease.
For in its heart, we come to see,
The world's true art, its purest plea.

WONDER of the PERIODIC TABLE

“Wonder is the beginning of wisdom”.

We all know that Dimitri Mendeleev invented the periodic table in 1869 with 63 elements. This shows his love for card games. But there are some facts not known by us that we do not get to read it in our chemistry books.

Group	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
Period	1	H	He															
2	Li	Be	B	C	N	O	F	Ne										
3	Na	Mg	Al	Si	P	S	Cl	Ar										
4	K	Ca	Sc	Ti	V	Cr	Mn	Fe	Co	Ni	Cu	Zn	Ga	Ge	As	Se	Br	Kr
5	Rb	Sr	Y	Zr	Nb	Mo	Tc	Ru	Rh	Pd	Ag	Cd	In	Sn	Sb	Te	I	Xe
6	Cs	Ba	La	Hf	Ta	W	Re	Os	Ir	Pt	Au	Hg	Tl	Pb	Bi	Po	At	Rn
7	Fr	Ra	Ac	Rf	Db	Sg	Bh	Hs	Mt	Ds	Rg	Cn	Nh	Fl	Mc	Lv	Ts	Og
Lanthanides			57	58	59	60	61	62	63	64	65	66	67	68	69	70	71	
Actinides			89	90	91	92	93	94	95	96	97	98	99	100	101	102	103	

I believe that Periodic Table is the most beautiful wonder of the world.

The facts of elements:

- The king of elements is carbon.
- The opposite poles attract each other. The left side is metals and the right side is non-metals that form our compounds.
- The only letter that did not appear in the table is J.
- The most expensive element is Francium, worth of 1 billion US dollars per gram.
- The first element to be artificially created is Technetium.

I am a girl who loves experimenting, exploring, and discovering—basically, adventures. I spend my time outside visiting new places, discovering, or inventing things. It was during one such adventure that I tumbled into a hole.

A completely different world was in front of me. A clean pathway with trees on either side whose branches interlocked with each other, forming a tunnel. As I walked, I noticed openings in the tunnel. I went through one such opening and reached a green lawn with houses and shops clean without a speck of dirt on them.

A busy town it was. I noticed people weren't paying for what they bought. Every single living soul behaved kindly with the other. None got angry. None argued.

As I continued walking, I noticed there were no street dogs as people adopted them, neither orphans nor beggars. There were no orphanages. Everyone helped each other. You would be surprised to hear, but there were no police stations either.

As I continued... Ouch! The scorching sun caught my attention and restored my senses. The

World of Kindness

realisation that all this was my imagination, hit hard. In a world filled with discrimination, inequality, and bullying, kindness stands as a beacon of hope for the RUDE.

In a world of wonder, where dreams take flight,
Colours bloom softly in the warm morning light.
Mountains stand tall, rivers dance with glee,
Nature's pure magic, a symphony free.

With each gentle breeze, feel the beauty unfold,
A tapestry woven with stories untold.
In every small monument, let your heart see,
The wonder surrounding, a gift meant to be

Tokyo, a city with more than 14 million civilians is a powerhouse of energy with enough lights to power a small country! Located in the heart of Japan, it is one of the largest metropolitan areas with advanced infrastructure and constant innovation.

The technological creativity in Tokyo is evident in every corner. Robots in shopping malls, digital billboards, ginormous towers are just a few of many wonders. The famous "Tokyo Tower" is the main tourist attraction for people across the world.

My first interaction with Tokyo was in the year 2017, when my father had a business meeting there. It was my first travel to a foreign country. I did not want to get disappointed but wanted to do something cool. Turns out Tokyo was just the place for me. The colossal skyscrapers made me feel tiny beside them. This made my young mind go BAM!

There was this one time when we had to visit my father's friends in Kyoto. This gave us the ultimate opportunity to travel by "The Shinkansen Bullet Train". Just as the name suggests its speed was amazing and we reached Kyoto in just an hour.

I must make important mention of the world's busiest pedestrian

crossing known as the "Shibuya Crossing". The street was completely covered with people moving front and back like a synchronized dance. Another wonder is the "Tokyo Skytree" which stands out at an astonishing 634 meters. It is like a dreamland for selfie lovers in addition to being the second largest structure in Japan.

In a nutshell, Tokyo is one of my dream places and is one of the most fascinating urban hubs, where technology has no limits.

Stories Beneath The Storeys

Beneath the storeys stacked towards the sky
Lie tales tucked deep where shadows lie
Each brick, each crack, each rusted gate,
Whispers the trace of the long-lost past, a hidden grace.

A world where a hum of footsteps deep
Into the city's heart that never sleeps.
Where buildings bloom in place of flowers
And birds collide into the telephone towers.

Where stars grow dim as lamps ignite
The engines purr soft at night
And under those stars, unseen yet bright,
Each one's dream takes flight.

Travelling to school on an electric car, the day seemed to have taken a calm start. Brushing my teeth, ironing my uniform, bathing with hot water and food from the microwave were all daily activities that I never gave much thought to before.

As I made my way to school, I was informed of the three day long "Urban Cleanse" trip, the school was taking us for. This meant we were heading to a remote village, surrounded by farmlands. We departed towards the village and all I could think about was my survival without electronic devices.

The clean and refreshing air, the houses made of bricks and roofs covered with dried hay—which was surprisingly way cooler than what I had imagined – all made me feel comforted. The food cooked on woodfire tasted earthly. The lack of noise from vehicles and motors took a while to get adjusted to.

As time passed, I got accustomed but the absence of a washing machine was heart-breaking for my poor hands. The morning alarm was replaced by the waking sound of cows and hens and the availability of hot water required way more effort than bringing myself to the bathroom and turning on the tap.

I was already missing my life in the city. Though it was cramped, it reminded me of why humans are considered the smartest of all the species; evolving constantly to find more sustainable

ways. This urban cleanse reminded me to not only enjoy my time without the urban world, but also appreciate small things in the urbanized world that are catered to our preference.

For all, humans are evolving beings.

Urban vs Rural

Anushka Kini
VIII C

The urban world refers to the cities and towns where most of the world's population now live. These cities are places of constant change, where technology, culture, and economies collide and grow. Today, more than half of the global population lives in urban areas, making cities important centres for work, social life and innovation.

One of the most exciting things about urban life is how quickly cities evolve. They are often the areas where new ideas and businesses thrive. In cities, one can find cutting-edge technology, creative industries, and world-class universities. Cities like Bangalore, Mumbai and Jaipur are well known for being centres of finance, culture and innovation. They attract people from all over the world, offering countless opportunities for growth and learning.

However, urbanization also comes with serious challenge. As more people move to cities, overcrowding becomes a problem. Streets are packed, public transport systems become overcrowded, and basic services like water, electricity, and healthcare can struggle to keep up. In many growing cities, slums and informal settlements are home to millions, highlighting issues of poverty and inequality.

Additionally, cities have a huge impact on the environment. With so many people living in one place urban areas have a lot of waste. Air pollution, traffic congestion, and waste disposal are major concerns in many cities. As cities continue to grow, it's creating more public spaces to improve the quality of life for everyone. But cities can also bring people together. They are places where different cultures meet and mix. In urban areas, one can experience a variety of food, art, languages, and traditions. Whether its street food, music fests, or cultural neighbourhoods, cities offer endless opportunities to learn about different ways of life. The diversity found in urban centres is one of their greatest strengths, creating rich communities with shared experiences.

In conclusion, the urban world is full of energy and potential but it also faces challenges that need to be addressed. As cities continue to grow, it's important to think about how to balance progress with sustainability, inclusivity and fairness. The future of urban living depends on how well cities adapt to the changes and needs of their people and the planet.

The URBAN CHRONICLES

Everything is *Music*

Everything around you contain a spark of music, you just need to find it.

The whisper of the leaves, a gentle refrain
Raindrops like notes dancing down the window pane
Waves crash in rhythm, the oceans deep sigh
The heartbeat of earth beneath the vast sky.

Every step on the pavement, a beat to embrace
The laughter of children, a melodies grace
Stars twinkle like a cosmic choir
In the silence of the night, dreams spark and inspire.

Life's symphony plays, in chaos and calm
In every heartbeat, a soothing balm
For listen to the world's sweet tune,
For every moment we are singing in bloom.

From warm to cold and young to old,
A relaxing balm to soothe the soul.
As it pulls you into ultimate serenity,
Engulfing everyone in its divinity.

Whether happy or sad, calm or mad,
It gives respite even to a mere nomad.
From rap to rock and jazz to pop,
Once you start listening, you can't stop.

Well to me, it is more than a mere art form,
It is a part of life, with millions of lessons to learn from.
A sweet companion, even in the darkest times,
From electric guitars to simple wind chimes.

If you still have not realized what I am talking about,
Well, it is MUSIC- The Rhythm of LIFE.

In a quiet corner, the world fades away,
she finds her refuge, at the end of the
day. With headphones on, in her little safe
space, the notes wrap around her, a warm
embrace.

Each melody dances with her, rhythm her
friend, a symphony of comfort that will
never end. As the lyrics of the song fill
her ear, in the heart of music she feels
no fear.

The strings pull her closer, the
beats set her free, in her safe
space, she's just meant to be.
Every song carries her to a
place bright and clear, where
worries dissolve and joy
draws near.

With every chorus, her
heart feels at ease, In
the world of music, she's
forever at peace. As she
dwells into the song's
warm embrace, she knows
that she will be at peace in
her safe little space.

Unheard Echoes

Music speaks without a word,
A language felt, not just heard.
It paints the world in colorus bright,
With chords of joy, with notes of light.

A quiet song, a gentle tune,
Can lift the sun or calm the moon.
A heartbeat shared, a soul's embrace,
In every song a hidden grace.

In laughter's cheer, in sorrow's tear,
Music's voice is always near.
A bond unbroken, pure and true,
A timeless song meant just for you.

'70s Flair

Walking by a thrift store, memories unfold,
Dresses from the '70s, stories to be told,
Polaroid smiles and faded jeans,
Laces tied tight, chasing off far scenes.

A patchwork of our histories, sewn in every seam,
Fringes and florals, an effortless dream.
Hats in the corner, collecting all the dust,
But when I wear them, they turn to silver rust.

We're living in colour, in a world full of gray,
Forever young, as the world connects, let's stay this way
So let's gather the fragments, the smiles and the sighs,
In this tapestry woven where nostalgia lies.

Timeless Trends

Pull out polka dots, flare out that dress,
Vintage fashion is classy and never less.
Swingy coats and coloured, sequined glam,
Straight from the past, we street and jam!

Lace and velvet, bold and bright,
Patterns that pop and colours that light.
So buckle those boots, tie that bow,
Street into trends from decades ago!

Mix those eras, go sweet or neat,
Walk that line where past trends meet.
Flaunt your glam and make it grand,
In vintage threads that always stand!

I WISH I WERE...

Dishita Sohana Reddy
X D

I wish I were born in the springtime of life.
Of times when classic floral scents and old-school aromas
Wafted through the air.
When the ladies of rich households
Held on to their vanity mirrors;
Contemplating the beauty of their Victorian boots
Satin corsets and silk ballgowns.
While sitting on a velvety Victorian armchair.

I wish I were born when letters were penned in ink and quill;
When the rhythmic clatter of the typewriter,
Echoed through the air,
When postcards and stamps were used often.
And when night-skies were strewn with stars.
While ballrooms were framed with chandeliers.

I wish I could meet the one and only Shakespeare,
The unmatched Jane Austen too.
But their penmanship and the bibliosmia of their books.
Are the only things that serve as their reminiscence
But though I cannot, I'm glad to say.
I cherish the past and onward go.

Hearts And Hallways

In the corridors of campus, dreams find their way,
Laughter of friends, like stars that light the day.
Lines of poetry, tunes of melody,
Every moment becomes a cherished memory.

Sipping tea in the shade of the hall,
Learning in the teacher's words that call,
Moments of laughter, days full of cheer,
Campus life brings such beauty near.

Through lessons learned and dreams that soar,
A yearning to reach the skies and more.
Sharing books, weaving dreams anew,
Life's lessons end, but friendships stay true.
Indeed, campus life, a single tale,
Days and nights, where bonds never pale.
These days may end, but memories will remain,
Campus life, Forever our gain .

The Dichotomy

Vanshika Praveen
XI B

From the rigorous exam period to the vibrant school events, there is never a dull moment on this campus. The dichotomy between the two truly intrigues the thinker as they ponder it.

Let us take the school's cultural fest as an example. The busy, bustling atmosphere of energized and charged staff and students lightens the spectator's heart. However, the end of these events often leads to the dreaded announcements of term exams. This conclusion also leaves a tiny emptiness among everyone in the school yet this feeling is quickly forgotten as the week before and during exams is always a whirlwind of activity.

The students think of nothing but their hectic preparation, focusing entirely on themselves. There's a certain beauty in this witnessing the growth and the drive to improve in every pupil.

The year unfolds according to this pattern, and we often hear, "The year went by in the blink of an eye!" In the end, we are left with happy memories to cherish and the precious bonds we have formed with our peers and educators.

Who knew that the strange place,
Filled with crying kids holding to their mothers
Would turn out to be a second home
An adobe full of our sisters and brothers.

From singing a, b, c
To mugging up formulas and derivations
Requesting house mothers to sneak us some tea,
Stealing each other's lunches food full of variations.

Waiting for that one PE period every week
And breaking all library rules
Teachers on leave is all we seek
To gossip in class like fools.

Copying home work early in the morning
To avoid funny punishments and impositions.
Pretending to be awake in class, behind all yawning
And dragging time to delay finishing English compositions.

Tip toeing to the canteen gave us an adrenaline rush,
So did our weekly thrilling basketball game.
Leaving our beautiful campus full of greens and lush,
Will truly never be the same.

We'll always remember our memories and friends,
Teachers who gave us their all.
Carry them in our hearts as the journey ends
Remain a desalite forever, proud and tall.

ಕುಟುಂಬ

ಕುಟುಂಬ ಒಂದು ಮರವಿದ್ದಂತೆ
ಮನೆಯ ಹಿರಿಯರು ಅದರ ಬೇರುಗಳಿದ್ದಂತೆ
ಮನೆಯ ವಂಶಗಳು ಅದನ್ನು ತಳೆದು ಬೆಳೆದು
ಹರಡಿಕೊಂಡು ನಿಂತರೆಂಬೆ ಕೊಂಬೆಗಳಂತೆ॥
ಕೂಡಿ ಬಾಳಿದರೆ ಸ್ವರ್ಗ ಸುಖ
ಕಷ್ಟಾಡಿ ಬಡಿದಾಡುತ್ತಿದ್ದರೆ ನರಕವೆ ಎಲ್ಲೆಲ್ಲೂ
ಇಲ್ಲಿ ಎಲ್ಲಾ ಜನರು
ಇಂಪು ಕಂಪುಗಳಿದ್ದರೆ ಸುಂದರ॥
ಎಲ್ಲರ ಕಷ್ಟ ಸುಖ ಅರಿತು ನಡೆದರೆ ಸಾಧನೆ ಸುಲಭ
ಕೊಬ್ಬಿನಿಂದ ಬೀಗಿದರೆ ಮನಗಳು ದುರ್ಲಭ
ಕುಟುಂಬವೊಂದು ಮಂದಿಗೆ ದೇವ ಮಂದಿರ
ಇಲ್ಲಿ ಭವ್ಯ ಸುವಿಚಾರ॥

ನನ್ನ ನೆಚ್ಚಿನ ನೆನಪು

ನನ್ನ ನೆಚ್ಚಿನ ನೆನಪು ನನ್ನ ಹುಟ್ಟಿದ ಹಬ್ಬ. ಹೋದ ವರ್ಷ ನನ್ನ
ಹುಟ್ಟಿದ ಹಬ್ಬ ನನ್ನ ಜೀವನದಲ್ಲಿಯೇ ಮರೆಯಲಾಗದ ನೆನಪಾಗಿತ್ತು.
ನನ್ನ ಹುಟ್ಟಿದ ಹಬ್ಬ ಮಾರ್ಚ್ 16ರಂದು. ಆ ದಿನ ನನ್ನ ವಾರ್ಷಿಕ
ಪರೀಕ್ಷೆಯ ಮೊದಲ ದಿನ. ನನ್ನ ಎಲ್ಲಾ ಸ್ನೇಹಿತರಿಗೆ ಸಿಹಿ ಹಂಚಿದೆ.
ಆನಂತರ ನನ್ನ ಸ್ನೇಹಿತರು ನನಗೆ ಉಡುಗೊರೆ ಕೊಟ್ಟು, ನನಗೆ
ಹುಟ್ಟು ಹಬ್ಬದ ಶುಭಾಶಯವನ್ನು ಹೇಳಿದರು. ನಂತರ ನನ್ನ ಅತ್ತೆಯ
ಮಕ್ಕಳು ಹಾಗೂ ದೊಡ್ಡಮ್ಮ, ಚಿಕ್ಕಪ್ಪ ಅವರ ಮಕ್ಕಳು ಬಂದರು.
ನನಗೆ ತುಂಬಾ ಇಷ್ಟವಾದ ಕೇಕ್ ತಂದರು. ಮೇಘನಾ ಬಿರಿಯಾನಿ
ಹಾಗೂ ವಿಧವಿಧವಾದ ಅಡುಗೆಗಳು ಮಾಡಿದರು. ಎಲ್ಲರಿಗೂ
ಊಟ ಬಡಿಸಿ, ನಾನು ತಿಂದು ಉಳಿದದ್ದು ಅನಾಥಾಶ್ರಮಕ್ಕೆ ಧಾನ
ಮಾಡಿದೆವು. ಎಲ್ಲರೂ ತುಂಬಾ ಕುಷಿಯಿಂದ ಮನೆಗೆ ಹೋದರು.
ಇದು ನನ್ನ ಜೀವನದಲ್ಲಿ ತುಂಬಾನೇ ವಿಶೇಷವಾದ ನೆನಪಾಗಿತ್ತು.

ನಗರ ಪ್ರಪಂಚ ಎಂದರೆ ನಗರದಲ್ಲಿ ವಾಸಿಸುವ ಜನರ
ಪ್ರಪಂಚವಾಗಿದೆ. ನಗರ ಪ್ರಪಂಚದಲ್ಲಿ ತುಂಬಾ ಸವಾಲುಗಳಿವೆ.
ಅದರಲ್ಲಿ ಸಾರಿಗೆ ಸಮಸ್ಯೆ, ಮಾಲೀನ್ಯತೆ, ಸಾಮಾಜಿಕ ಅಸಮಾನತೆ,
ಉದ್ಯೋಗದ ಕೊರತೆ, ತುಂಬಾ ಸವಾಲುಗಳಿಂದ ನಮ್ಮ ಪ್ರಪಂಚ
ಕೂಡಿದೆ. ಅದಕ್ಕೆ ನಾವು ಹೋರಾಡಿ ಸ್ವಚ್ಛವಾಗಿಟ್ಟು
ಕೊಳ್ಳಬೇಕು.

ಮುಂದೆ ನಮ್ಮ ಭವಿಷ್ಯ ಹೇಗಿರಬೇಕೆಂದರೆ:- ಸ್ಥಿರ ಅಭಿವೃದ್ಧಿಯಾಗಿ,
ಸಮಗ್ರಯೋಜನೆಯಲ್ಲಿ, ತಂತ್ರಜ್ಞಾನ ಅಳವಡಿಕೆಯಲ್ಲಿ ಹಾಗೇ ಪರಿಸರ
ಸಂರಕ್ಷಣೆ ಮಾಡುತ್ತ ಸುಖಕರವಾಗಿ ನಡೆಸಿಕೊಂಡು ಹೋಗಬೇಕು.
ಈಗ ಅದರ ಪ್ರಯೋಜನಗಳ ಬಗ್ಗೆ ಮಾತಾಡೋಣ : - ನಮಗೆ
ಉದ್ಯೋಗದ ಅವಕಾಶಗಳು, ಶಿಕ್ಷಣ ಮತ್ತು ಆರೋಗ್ಯ ಸೌಲಭ್ಯಗಳು,
ಸಾರಿಗೆ ಮತ್ತು ಸಂಪರ್ಕ ಸೌಲಭ್ಯಗಳು ಸಿಗುತ್ತದೆ.

ಸಂಗೀತ

ಸಂಗೀತ ಒಂದು ಕಲೆ. ಸಂಗೀತ ತಾಳ, ನಾದ ರಾಗಗಳ ಸಮ್ಮಿಲನ, ಸಂಗೀತಕ್ಕೆ
ಮನಸೋಲದ ಮನುಷ್ಯರೇ ಇರಲಾರರು. ಪ್ರಕೃತಿಯೇ ಒಂದು ಸಂಗೀತ.
ಝುಳು ಝುಳು ಹರಿಯುವ ನದಿಯಿಂದ ಒಂದು ಸಂಗೀತ ಕೇಳಿದರೆ,
ಹಕ್ಕಿಗಳ ಚಿಲಿಪಿಲಿಯು ಮತ್ತೊಂದು ಸಂಗೀತವನ್ನು ಸೃಷ್ಟಿಸುತ್ತದೆ.

ಕೋಗಿಲೆಯ 'ಕುಹೂ ಕುಹೂ' ದನಿಗೆ ಇಡೀ ಬ್ರಹ್ಮಾಂಡವೇ
ತಲೆಬಾಗುತ್ತದೆ. ಜಗತ್ತು ಹುಟ್ಟಿದಂದಿನಿಂದ ಸಂಗೀತವಿದೆ.

ಪ್ರಪಂಚದ ಎಲ್ಲಾ ದೇಶಗಳಲ್ಲಿ ಒಂದೊಂದು ಸಂಗೀತದ
ಪ್ರಕಾರವಿದೆ. ಅಂದಿನ ಹಳೆಯ ಕಾಲದಲ್ಲಿ ಸಂಗೀತವಿತ್ತು.

ಇಂದಿನ ಆಧುನಿಕ ಕಾಲದಲ್ಲೂ ಸಂಗೀತವಿದೆ, ಆದರೆ ಅದರ
ಪ್ರಕಾರಗಳು ಬೇರೆ ಅಷ್ಟೆ, ಹಸುಗಳಿಗೆ ಸಂಗೀತ ಕೇಳಿದರೆ
ಅವು ಹೆಚ್ಚು ಹಾಲನ್ನು ಕೊಡುತ್ತವೆ ಎಂಬ ಮಾತಿದೆ. ಅಷ್ಟೇ
ಏಕೆ ಕೃಷ್ಣನು ತನ್ನ ಕೊಳಲನ್ನು ನುಡಿಸಿದರೆ ಗೋವುಗಳೆಲ್ಲ
ಒಂದು ಕಡೆ ಬಂದು ಸೇರುತ್ತಿದ್ದವಂತೆ. ಸಂಗೀತಕ್ಕೆ ಅಷ್ಟು
ಶಕ್ತಿಯಿದೆ. ಮನುಷ್ಯನು ಎಲ್ಲಾ ಭಾವನೆಗಳನ್ನು ಸಂಗೀತದ
ಮೂಲಕ ವ್ಯಕ್ತಪಡಿಸಲಾಗುತ್ತದೆ.

ಸಂಗೀತವು ಒಂದು ಸಂಪ್ರದಾಯದಂತೆ ಹಿಂದಿನ ಕಾಲದಿಂದ
ಬಂದಿದೆ. ಸಂಗೀತವನ್ನು ಕೇಳಿಸಿಕೊಳ್ಳುವ ಮೂಲಕ ಹಲವು

ಕಾಯಿಲೆಗಳನ್ನು ವಾಸಿ ಮಾಡಬಹುದು. ಸಂಗೀತವು ಎಲ್ಲರ
ಮನಸ್ಸಿಗೆ ಋಷಿ ಹಾಗೂ ತೃಪ್ತಿ ಕೊಡುತ್ತದೆ. ಸಂಗೀತ ಹಲವು
ದೇಶಗಳಲ್ಲಿ ಒಂದು ಪ್ರಮುಖ ಪಾತ್ರ ಹೊಂದಿದೆ. ಸಂಗೀತ
ಹೇಳುವ ಮೂಲಕ ಅವರ ದುಡಿಮೆಯನ್ನು ಪಡೆಯುತ್ತಿದ್ದಾರೆ.

ಸಂಗೀತ ಹಲವು ಜನರಿಗೆ ಮನರಂಜನೆ ಕೊಡುತ್ತದೆ. ಹಾಗೇ
ಸಂಗೀತವು ನಮ್ಮ ದೇಶದಲ್ಲಿ ಪ್ರಮುಖ ಪಾತ್ರ ಹೊಂದಿದೆ. ಹೀಗೆ
ನಾವೆಲ್ಲರೂ ಸಂಗೀತವನ್ನು ಕೇಳಿಸಿಕೊಳ್ಳಬೇಕು. ನಾವು ಸಂಗೀತವನ್ನು
ಒಂದೊಂದಾಗಿ ಬೆಳೆಸೋಣ.

ಈ ಹಬ್ಬವನ್ನು ಮೂರು ನದಿಗಳ ಪವಿತ್ರ ಸಂಗಮದಲ್ಲಿ ನಡೆಸಲಾಗುತ್ತದೆ: ಗಂಗಾ, ಯಮುನಾ ಮತ್ತು ಸರಸ್ವತಿ. ಈ ಸಂಗಮವು ಆಧ್ಯಾತ್ಮಿಕ ಮಹತ್ವದ ಸ್ಥಳವೆಂದು ನಂಬಲಾಗಿದೆ ಮತ್ತು ಇದರ ನೀರಿನಲ್ಲಿ ಸ್ನಾನ ಮಾಡುವುದರಿಂದ ಆತ್ಮವು ಶುದ್ಧವಾಗುತ್ತದೆ ಎಂದು ಹೇಳಲಾಗುತ್ತದೆ.

ಮಹಾಕುಂಭವು ಆಧ್ಯಾತ್ಮಿಕ ಅನ್ವೇಷಕರು ಒಟ್ಟಾಗಿ ಸೇರಲು ಮತ್ತು ಅವರ ನಂಬಿಕೆಯನ್ನು ಆಚರಿಸಲು ಸಮಯವಾಗಿದೆ. ಇದು ಪ್ರಾರ್ಥನೆ, ಧ್ಯಾನ ಮತ್ತು ಪ್ರತಿಬಿಂಬದ ಸಮಯ. ಉತ್ಸವವು ಸಂಗೀತ ಮತ್ತು ನೃತ್ಯ ಪ್ರದರ್ಶನಗಳಂತಹ ಸಾಂಸ್ಕೃತಿಕ ಕಾರ್ಯಕ್ರಮಗಳಿಗೆ ಸಮಯವಾಗಿದೆ.

इस वर्ष हमारे विद्यालय की पत्रिका में छात्रों द्वारा लिखे गए हिंदी लेखों ने एक दिशा और दृष्टिकोण प्रस्तुत किए हैं। प्रत्येक लेख में छात्रों की सोच, उनकी कल्पनाएँ और उनकी अभिव्यक्ति की शक्ति साफ़ नज़र आती है। इन लेखों के माध्यम से बच्चों ने न केवल अपनी लेखन कला का परिचय दिया है बल्कि समाज, संस्कृति और जीवन के विभिन्न पहलुओं पर भी गहरी समझ और विचार व्यक्त किए हैं। हमें गर्व है कि हमारे विद्यालय के छात्रों ने अपने विचारों को इतनी खूबसूरती से शब्दों में पिरोया है। इस पत्रिका में प्रकाशित ये लेख निश्चित रूप से सभी को प्रेरित करेंगे और हमारे छात्रों की सृजनात्मकता को प्रोत्साहित करेंगे।

मुझे आशा है कि उनकी ये रचनात्मक सोच आपके जीवन में नई ऊर्जा और प्रेरणा का संचार करेगी।

परिवार सच्ची खुशियाँ

बहुत साल पहले एक छोटे से शहर में एक बहुत अमीर परिवार रहता था, पर कोई किसी से बात नहीं करता था। सब कुछ - न - कुछ काम में व्यस्त थे। एक दिन सब खाली बैठे थे। उस दिन छुट्टी थी। पर आज भी कोई बात नहीं कर रहा था। सब बहुत दुखी थे। अचानक एक परी आई और बोली क्या हुआ ? “हम सब बहुत दुखी हैं” सब बोले। तो मैं तुम सबको घुमाने ले जा रही हूँ परी ने कहा। पहले वह एक छोटे घर गए, फिर एक सड़क पर खाना माँगने वाले, परिवार और एक बहुत बड़े परिवार, पर सब परिवार में एक चीज़ समान थी उनकी खुशियाँ, प्रेम। सारे परिवार को अपनी गलती समझ आई और अब सब एक दूसरे को सम्मान देते हैं।

जो एक व्यक्ति को चाहिए।
जिसे प्यार से संजोकर रखना चाहिए।
घर बनाया सिमेंट से,
परिवार डालता प्यार की खुशबू।
यह एक मंदिर है,
चलो हम भगवान से मिले
मम्मी, पापा, दादा, दादी

भाई, बहन के रिश्ते हैं अनमोल।
इस मंदिर में सब मिलजुलकर रहते हैं
खुशी- खुशी छोटी-सी ज़िंदगी जीते हैं,
सुख और दुख साझा करो परिवार से।

अंतरिक्ष में है चाँद सितारे,
खेलते हैं आँख मिचोली।
उन्हें देखकर मन कहता है,
उनकी सूरत है भोली-भाली।
तारों की चमचमाहट देखकर,
लगता है कोई त्योहार है गगन पर।
सुबह उठते ही मन मुरझाता,
गम हो गए मन को समझाता,
फिर से आएँगे रात होने पर।
हीरों जैसे दिखते तारें,
बिखरे हैं आसमान पर।

अंतरिक्ष का जादू

ऊँचा नभ, अनगिनत तारे,
रात को चमकते सारे।
चाँद भी कितना प्यारा,
नीला आकाश न्यारा।
सूरज देता उजियारा,
बनता सबका सहारा।
ग्रह-नक्षत्र घूमते हैं,
अपना संसार बुनते हैं।
क्या है उस पार छिपा?
रहस्य है या सपना?
एक दिन हम भी जाएँगे,
अंतरिक्ष को समझ पाएँगे।

मेरी पसंदीदा याद

जो मेरी याद है बहुत मस्त है, यह हुआ था पाँच साल
पहले जब मेरा परिवार और मैं शिमला गए थे। हम
लोग मेरे चाचा के घर गए थे फिर हम एक जगह पर गए
थे वहाँ पर बहुत बर्फ थी। जब हम लोग ऊपर जा रहे
थे तो मेरी दादी और चाची नीचे ही रुके हुए थे। जब
हम लोग ऊपर गए उस समय मेरे जुते में बर्फ आ गई।
तब मैं बहुत रो रही थी क्योंकि बर्फ बहुत ठंडा था उस
समय मैं केवल छः साल की थी। पर कुछ देर बाद मैं
ठीक हो गई और बर्फ का गोला बनाकर अपने भाई
और बहन पर फेंकने लगी और मैं रौने लगी। पर मुझे
बहुत मज़ा भी आया।

मेरी पसंदीदा याद

मेरा पसंदीदा यादगार दिन तब रहा
जब मैं ब्राजील में फुटबाल के सबसे
बड़े स्टार 'नेयमार जूनियर' को मिला
जब मैं ब्राजील गया मेरे पापा ने हमारे
लिए टिकट कटवाई थी, वो खेल ब्राजील और
और अर्जेंटीना के बीच था
खेलते वक्त बॉल मेरे हाथों में आई
तब नेयमार आए और बॉल माँगी
मैंने उनसे फोटो लेने के लिए पूछा और
उन्होंने खुशी-खुशी हाँ बोल दिया।

पौराणिक क्षेत्र

एक पौराणिक क्षेत्र,
इतना ललित,
जैसे फूल की निर्मल-सी कली।
होता यह विस्तार, बहुत विशाल,
जैसे एक सुंदर-सा, खिला-सा कमल,
जहाँ होते सब अमर।

लाती यह जगह,
बस खुशी और उमंग,
हर एक अंग तक।

ऐसा विस्तार,
या कहूँ इसे एक क्षेत्र,
होता इतना बड़ा, जितना न था,
अशोक का राज्य।

दुनिया की आँखों में एक अजूबा बनो

दुनिया के अजूबे कौन-से हैं? इसका जवाब तो आसान है। ताजमहल चीन की महान दीवार आदि दुनिया के सात अजूबों में से एक हैं। लेकिन अगर ध्यान से सोचा जाए, तो यह आसान-सा सवाल एक कठिन पहेली में बदल जाता है। ज़रूरी नहीं कि एक अजूबा दुनिया के सात अजूबों में से ही एक है। अजूबा तो कोई भी हो सकता है, जैसे कि मैं, आप, माता-पिता, मित्र या परिवार के सदस्य। अगर आपको लगता है कि आपमें कोई प्रतिभा नहीं है, तो इसमें भगवान की कोई गलती नहीं है, गलती तो आपकी है क्योंकि आप अपने अंदर छिपे हुए गुण को ढूँढ़ नहीं पाए। ज़रूरी नहीं है कि भगवान ने जो गुण आपके दोस्त को दिए हैं, वो आपके पास भी हों क्योंकि हमारे हाथ की पाँचों उँगलियाँ भी तो अलग-अलग हैं। हम सब अपने आप में एक अजूबे हैं। सुनते वक्त अच्छा लगता है जब कहा जाए कि इन्हीं अजूबों की दुनिया में रहते हैं हम। एक कविता के माध्यम से मैं इसका समापन करना चाहूँगी-

हर बात पर जवाब देना ज़रूरी नहीं है,
हर बात को टालना उचित नहीं है।
चाहे बड़े होकर कुछ बनो या न बनो,
पर एक अच्छा इंसान ज़रूर बनो।
ज़्यादा पढ़ाई करना है अच्छी बात,
इसे कर लो तुम आत्मसात।
दिन-रात मेहनत करना शुरू कर दो,
और दुनिया की आँखों में एक अजूबा बनो।

शहरी दुनिया की अनसूनी कहानी

शहर के सड़कों पर दौड़ते हैं हम,
खुशियों के पीछे, गम को छोड़ते हैं हम
रात की तनहाई में एक आह भरते हैं हम,
सपनों के शहर में, खो जाते हैं हम

अजनबी चेहरों के बीच एक पहचान ढूँढ़ते हैं हम,
वो दिल में दिल तक का रास्ता पाने
की कोशिश करते हैं हम
मगर इस दौड़ में कहीं खो न जाए,
रिश्ते के धागे फिर टूट न जाए।

पर इसी में बसी है, खुशियों की डगर,
सपनों का महल, मेहनत का सफ़र
चमकती सड़कें, रोशन हर कोना,
खुशियों का संगम, मिलकर होना

धुआँ -धुआँ साँसें लुप्त हुआ आसमान
फिर भी ख्वाबों के पंखों से उड़ता इंसान
इस भीड़ में भी कहीं ज़िंदा हैं,
हर दिल में प्रेम, जो हिम्मत से बंधा है।

संघर्ष और प्रेम का संगम है यहाँ,
हर धड़कन में बसा है एक जहाँ।
शहर की इस अनमोल कहानी में,
उम्मीद की किरण सजी हर रवानी में।

भारतीय संगीत

भारत, विविध संस्कृतियों और परंपराओं का देश, एक संगीत विरासत का दावा करता है, जो इसके भूगोल जितना विशाल है। भारतीय संगीत को दो श्रेणियों में बाँटा जा सकता है: शास्त्रीय संगीत और लोक संगीत, प्रत्येक का इतिहास रूप और भावना में समृद्ध है। भारत में शास्त्रीय संगीत की जड़े प्राचीन ग्रंथों में हैं और यह मुख्य रूप से दो परंपराओं में विभाजित है: हिंदुस्तानी, उत्तरी क्षेत्रों में प्रचलित है और कर्नाटक जो दक्षिण में प्रमुख है। हिंदुस्तानी संगीत सुधार और भावनात्मक गहराई को महत्व देता है, जिसमें अक्सर सितार, तबला और सरोद जैसे वाद्ययंत्रों का उपयोग किया जाता है। तानसेन और रविशंकर जैसी उल्लेखनीय हस्तियों ने इस शैली में एक स्थायी विरासत छोड़ी है। इसके विपरीत, कर्नाटक संगीत अपनी जटिल लय और रचनाओं के लिए जाना जाता है, जिसमें वीणा और मृदंगम जैसे वाद्ययंत्र महत्वपूर्ण भूमिका निभाते हैं। त्यागराज और मुथुस्वामी दीक्षितार जैसे संगीतकारों ने संगीत अभिव्यक्ति के साथ आध्यात्मिकता का मिश्रण करके इस कला को रूप को उन्नत किया है। दूसरी ओर लोक संगीत स्थानीय संस्कृतियों और परंपराओं के सार को दर्शाता है। पंजाब के भांगड़ा से लेकर पश्चिम बंगाल के बाउल गीतों तक भारत के प्रत्येक क्षेत्र की अपनी अनूठी लोक शैली है। लोक संगीत अक्सर समुदाय के दैनिक जीवन, संघर्ष और उत्सवों को दर्शाता है, जिससे यह सामाजिक समारोह और त्योहारों का एक अभिन्न अंग बन जाता है। निष्कर्ष के तौर पर, भारतीय संगीत देश की आत्मा की गहन अभिव्यक्ति है, जो इसके इतिहास और समाज के ताने-बाने जटिल रूप से बुना गया है। यह अपनी समृद्ध परंपराओं को संरक्षित करते हुए भारतीय संस्कृति का एक गतिशील और आवश्यक पहलू बन गया है।

सुनहरा संगीत

संगीत इस समाज का एक मुख्य हिस्सा है। हर एक व्यक्ति को संगीत से प्रेम है। संगीत हमारे दिल को बहलाता है। संगीत हमें आनंद दिलाता है। संगीत एक कला है। दुनिया में सात प्रतिशत लोक संगीत सुनते हैं। इस समाज में संगी एक महत्वपूर्ण हिस्सा है। संगीत के कई सारे रूप होते हैं। भारत में हिंदुस्तानी और कर्नाटक संगीत चलता है।

कई कलाकारों ने कहा है कि संगीत जैसी अद्भुत कला नहीं है। संगीत मानसिक स्वास्थ्य को बढ़ाने में मदद करता है। संगीत हमारे स्वास्थ्य को लाभ देता है। संगीत हमारे रोगों को दूर कर देता है। संगीत हमें खुशी देता है। संगीत सुनने से हमें लाभ होता है। संगीत हमें अपने-आप को पहचानने में मदद करता है। संगीत हमें बेहतर बनाता है। संगीत सुनकर हम बहुत कुछ सीख सकते हैं। संगीत हमें सबसे जोड़ता है। संगीत समाज के लोगों को जगाता है। संगीत को मधुर स्वर में गाया जाता है। संगीत दुनिया को रंगीन बनाता है।

‘संगीत को गाया जाता है ऐसे, सुनहरा हो जाए जहाँ स्वर्गलोक के जैसे!’

सुनहरा संगीत एक ऐसी चीज़ है, जिसमें कुछ भी बदलने की शक्ति होती है।

फ़ैशन का फंडा

पुरानी साड़ी में लगी सलमा-सितारों का हाल,
ऐसा चमके जैसे कोई डिस्को में बवाल।
दादा का बेलबॉटम, जो था चार फीट चौड़ा,
लोग पूछे, “भाई, कपड़ा कम पड़ा था या फ़ैशन थोड़ा ज़्यादा?”
चश्मे का फ्रेम ऐसा मोटा और भारी,
पहने तो लगे जैसे टी. वी. स्क्रीन हमारी।
टाई की लंबाई, जैसे लिफ़ाफ़ा हो खोल,
कमीज़ की कॉलर से उड़ते थे पक्षी के जैसे बोल।

शर्ट के कॉलर थे, चाँद तक ऊँचे,
और बालों में तेल से, सड़कें सूखे।
वो घड़ी की टिक-टिक और रेडिओ की तान,
जैसे खुद ही दे रहे हों, ट्रेंड का ज्ञान।
फ़ैशन का मिज़ाज बदलता ज़रूर,
पर विंटेज का स्टाइल आज भी है भरपुर।
वो दिन गए, पर बात वही पुरानी,
फ़ैशन बदला पर लोगों में है, वही दीवानगी।

विंटेज फ़ैशन की नारियाँ

विंटेज फ़ैशन में भारतीय नारी,
लगती थी सबसे प्यारी।
बनारसी सिल्क या हो तांत की साड़ी,
काँच, लाख की चुड़ियों से
करती थी अपने श्रृंगार की तैयारी।
लंबी-लंबी चोटी बनाकर,
पाँव में विछियाँ और माथे पर कुमकुम सजाकर,
लावणी हो या सीधे पल्लू की साड़ी।
विंटेज फ़ैशन में,
कितनी सुंदर लगती थी, सारी की सारी।

घर जैसा कहाँ, घर ही पुकारे,
बचपन हमारा इस मंदिर में काटे,
भूमि वह जहाँ शिक्षा है पूजन,
गुस्देव समान सारे, विद्या निखारे।
इमारत जो मेरे मंदिर को कहलें,
वे कीमत क्या, एक कलम ही जाने,
शस्त्र उठाने में, जिस शास्त्र की ज़रूरत,
बात कहाँ ये मूर्ख माने।

विद्या सहित मैं कर्म भी सीखूँ,
सीखूँ करना फतेह ज़िंदगी को,
शान भुलाकर, क्रोध सँभालूँ,
विचलित मन भी प्रकाशित हो।
मित्रों संग जब वक्त बिताऊँ,
शर्म-हया, सारे दुख ताकें,
आसमान भी टूटें, फिर भी डर क्या?
गुस्देव मेरे जब मार्ग दिखाएँ।

कैपस जीवन

ज्ञान के गलियारों में, जहाँ सपने उड़ाने भरते हैं, कैपस जीवन चमकता है, दिन और रात दोस्तों के साथ और हँसी की चमक, हर पल लगता है सही। सुबह की कक्षाओं से, देर रात की बातें, परीक्षाओं की तैयारी और चोरी छुपे झपकी। लाइब्रेरी की शांति में या कैंटीन की हलचल में, कैपस जीवन एक बवंडर है, बस यूँ ही। प्रोफेसर ज्ञान के साथ और कहानियाँ साझा करते, असाइनमेंट्स और प्रोजेक्ट्स कभी-कभी डराते। लेकिन सभी तनावों के बीच और शैक्षणिक मेहनत में, दोस्ती ही है, जो हमें बाँधती है। त्योहारों के दिन रंगों और खुशियों से भरे, प्रतिभा प्रदर्शन और नृत्य की आवाजें सुनाई देतीं। मैदान पर खेल और हॉल में कला, कैपस जीवन में एक जादू है, जो हमें मोहित करता। देर रात की पढ़ाई, हाथ में कॉफी के साथ, भविष्य के सपने, इतने भव्य और योजनाबद्ध, हॉस्टल में हँसी और रहस्य जो हम रखते हैं, कैपस जीवन है एक खज़ाना, यादें गहरी। तो यहाँ उन पलों के लिए, बड़े और छोटे हर सबक के लिए, जो हम सीखते हैं और उन दोस्तों के लिए जिन्हें हम बुलाते हैं। कैपस जीवन एक यात्रा है, एक सुंदर सवारी, हर कदम के साथ, हम बढ़ते और चलते हैं।

The Essence ... of Art ...

For as long as humanity has existed, art has been an integral part of our lives. For centuries, people have been creating and enjoying art, as it serves as a powerful expression of emotions and life itself. Art allows for a wide range of interpretations, offering a unique perspective on the world.

It is a skill that spans various forms, including music, painting, and dance. Moreover, nature itself is no less than art. Artists use their work to convey their emotions, and through their art, they contribute significant value to society, as they have throughout history. Art provides us with an innovative way to view the world and the society around us.

Here, we showcase the Desalites' sketches, paintings, and textile work.

My School

They say “School is a building with four walls and tomorrow inside.” But for me, school was also the place where I learned how to bunk smartly, bribe my way out of homework with innocent smiles, and become the person I am today. I still remember the days when our school had barely 200 students—we all knew each other, from the topper to the bathroom singers. And now? Around 2000 students. The infrastructure has changed, the corridors are longer, and the buildings taller—but the warmth? Still exactly the same. Though I was known to be a little mischievous (although my teachers did not find it to be “little”)—often caught whispering during lectures or sneaking in snacks during classes—my teachers never gave up on me. They saw potential where I saw last-minute excuses. And believe me, their belief made all the difference. What’s even more beautiful is the bond that has lasted. I still visit my school, where laughter echoes louder than speeches. I meet not just batch mates, but seniors who guided me and juniors. My teachers? They somehow still remember every detail—my handwriting, my favourite subject, and unfortunately, even my class drama. It’s not just nostalgia—it’s family. The warm hugs from teachers, the endless “Remember when...” jokes with batch mates and our strict principal’s now-gentle smile—it’s all just... magical.

“Waqt le gaya bachpan ke din,

par yaadon mein ab bhi woh school ki ghanti bajti hai.”

SFS wasn’t just a school. It was my launchpad, my playground, my second home. It gave me friends for life, mentors for a lifetime, and memories that never age.

To every student reading this—cherish the chaos, the PT periods, the morning assemblies, even the surprise tests. You’ll miss them more than you know.

Because once a Desalite, always a Desalite.

Dr. Kishan Mishra
(Batch of 2016)

“My name is Shravya Shenoy, and I am from the 2014 ICSE batch. Currently, I am a PhD student in Astrophysics at the University of Hertfordshire in the UK. Looking back, school wasn’t just about books and grades; it was life’s mini boot camp. Daily routines drilled habits that still guide me today. The Youth Festival, now called Melange, taught me patience, teamwork, and a healthy dose of friendly competition. Art and SUPW reminded me that creativity matters, and yes, sewing really does come in handy when your buttons start quitting on you! Our teachers weren’t just educators; they were mentors and cheerleaders who pushed us and celebrated every tiny win. But more than anything, school taught me the real essentials: be kind, stay curious, and keep going, especially when the going gets tough. These weren’t just lessons that helped me chase my goals; they’re the reason I believed I could reach them in the first place.”
